Name: NEENA SOMAR   **Batch:** S10 INMCA   **Reg.No:** AJC17MCA-I042

Topic: Planter Hub   Mini Project Extension: Yes

Technology: PHP /MYSQL   **Guide:** T J Jobin

1.   Project Overview?

Planter Hub : Project helping Rubber Planters to sell their product as Planters,purchase machinery, tools, fertilizers as customers, and help plantation workers to get hired.

0.   To what extend the system is proposed for?

To provide technology and services to the planters, sellers and labour thus, helping then to expand their business and provide them with a wider market. Hence, improve the present planter processes and to provide knowledge about recent issues.

0.   Specify the Viewers/Public which is to be involved in the System?

Rubber Planters,customers,Admin and Worker

0.   List the Modules included in your System?

- Planter Account • Vendors Account • Worker Account • Planter Kit • Planter Market • News & Article • Category settings • Generate Report

0.   Identify the users in your project?

Rubber Planters, customers, Admin and Worker

0.   Who owns the system?

Software Company who get to provide runtime functionality to help rubber   planters

0.   System is related to which firm/industry/organization?

Agriculture session

0.   Details of person that you have contacted for data collection?

Somarkutty P.S ,Rubber Planter

0.   Questionnaire to collect details about the project? (min 10 questions, include descriptive answers, attach additional docs (e.g. Bill receipts, certificate models), if any?)

1. Who monitors and maintains the project?
    It is maintained by the administrator.
2. What is your time frame for total project completion?
    Actually, I am expecting it by 2-3 months.

3. How many pages will the finished website be (estimated)?
    I prefer within the range of 7-10 pages, and it will become more convenient if you can change it according to my specification.
4. What Dynamic content do you want on your site?

    Notice flags on new opportunities.

5. List the individual pages your site will need to contain:

    - Register as a Planter ,customer or worker
    - Login to Planter ,customer or worker
    - Home
    - Product Search
    - News and article
    - Contact
6. Are you taking payments on your site?

    Payments is based on either cash on delivery or through an online payment.

7. What devices do you want to target?

     Web based application and in future it can be converted into android app.

8. Are there other projects/systems with which this project/system will interface?

    No

9. What is most important for success of the project?

    Timely updating of data

    10. Top priorities

    - Easy to use
    - Low cost
    - flexible to customise
    - User-friendly

Review Preparation *

Module	Functionality	Description	Status
Admin	Report	1.Customer report 2.Planter report 3.Planter Produce Report 4.Produce Purchase Report 5.Produce Billing Report	Completed
	Planter Settings	1.Add category 2.View category 3.Add Produce Category 4.View Produce Category	Completed
	Article & News	1.Publish news and articles 2.View news and articles	Completed
	Worker	1.View worker 2.View worker Request	Not Completed
